

Visitors and Guests

All guest/visitors to the school, including parent volunteers, must sign in and out in the main office and wear the provided visitor or volunteer tag. All guests must enter and exit the building through the front main entrance.

As a general rule, non volunteering guests should restrict their visiting time to the school to before or after school hours.

Teacher sponsored guests:

- Must have the guest sign in at the main office and get a visitor/guest tag.
- Are encouraged to be escorted by the teacher or assigned representative.
- Must report back to the main office after concluding their volunteering.

Former students:

- Should visit current students before or after school hours.
- Can visit former teachers at Venture after school ends so that instructional time is not disturbed.
- Are welcome to return to Venture to share their successes, give a presentation, or volunteer in some other way if it is requested and hosted by a teacher.
